Greetings, I have recently had the privilege of working directly with Jeanne on two large, multi-faceted projects encompassing development teams across North America, Europe & Asia.

Jeanne successfully served as both Editorial Director and VP of Client Services throughout, heading-up and guiding the implementation of each project.

From vendor sourcing and budgeting to branding and relationship management, Jeanne brought-to-bear both the critical hard-skills and seasoned leadership so vital for keeping complex initiatives on-track, all while keeping a strong sense of mission and humor throughout.

For any firm looking for a proven professional to lead one or more of their key growth initiatives, I would not hesitate to engage Jeanne's services.

For a personal reference or additional questions, feel free to contact me directly at the email or phone number below.

Sincere Regards,
